The Chipman line, designed by landscape architect Robert Chipman, includes a cast aluminum chair and stool of stunning sculptural form, and complimentary tables in lounge, dining and standing height versions. The tables have cast aluminum bases attached to a cast aluminum support tube.

- The support tube is bolted to a cast aluminum frame supporting a steel sheet top.
- The table features a unique surface/embedded mount system that allows for leveling adjustment.
- Dining table is available with or without umbrella hole.
- If used with umbrella, table must be surface mounted.
- All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading.
- Call for standard color chart.

Delicate in scale and proportion, it is heavy enough for rooftop terraces but light enough to move around. The one-piece cast chair seat and back has seamlessly welded on legs and arms; the table has a flat aluminum top encircled by a tapered cast rim and an inverted cone-shaped stem with feet.

It’s metal tube frame, chamfer-edged die-cast aluminum slatted seat and back, and 21-inch-wide seat create comfortable surfaces that invite multiple postures. The chair’s arms are angled for natural support. The chair comes with or without arms and can be stacked up to four chairs high.

OUTDOOR TABLE AND CHAIR OPTIONS

The 48" round dining table is constructed of teak with no finish. All tables have removable center teak plug. Table can be specified as surface mount, or freestanding. If used with an umbrella, table must be surface mounted for stability. Powdercoated titanium surface mount plate is attached to base. Black rubber center grommet comes standard with each surface mount table. Stainless steel leveling glides provided for freestanding tables. Some assembly required.

The chairs are available with or without arms and constructed of teak with no finish. The chairs have an overall height of 34" and ship fully assembled. Freestanding glides are standard on all chairs.

Landscape Forms

Wellspring goes mainstream with new teak furniture for relaxed social settings in hospitality, residential and protected public spaces.

Kornegay Designs
Square Series Planters

SS-30 19.0" x 30.0" 440 lbs. 
SS-21 27.0" x 21.0" 495 lbs. 

The Square Series are four-sided precast concrete landscape containers with tapered radius sides. The planters ship with standard 2-3/8" diameter drainage, or custom holes to function with irrigation & drainage plumbing. The Square Series is available in 9 standard colors, with additional color mixing available, and can be finished in a bituminous sealer (suggested for interior applications) or sandblast finish.

ASPECT SERIES PLANTERS

Aspect is a series of four-sided precast concrete landscape containers with a minimal, architectural style and universal design appeal. Fine details like a simple shadow line at the base speak to Aspect's modest elegance and refined sensibility.

Aspect are commercial concrete planters with modern, understated silhouettes. Eight different sizes, ranging from 12" to 30" tall and 20" to 80" in diameter, fit different applications and form inspiring installations. The containers ship with the standard 2-3/8" diameter drainage hole, or custom hole to function with irrigation & drainage plumbing. The Aspect Series is available in 9 standard colors, with additional color mixing available, and can be finished in a bituminous sealer (suggested for interior applications) or sandblast finish.

ASP-24
80" x 24" 73.25" base 1,935 lbs.

ASP-20
20" x 30" 13" base 530 lbs.

Urban Pot GEO Square Fiberglass Planter

M: 14" x 14" x 32"

Urban Pot GEO Classic Fiberglass Planter

S: 16" x 16" x 20" H

M: 20" x 20" x 26" H

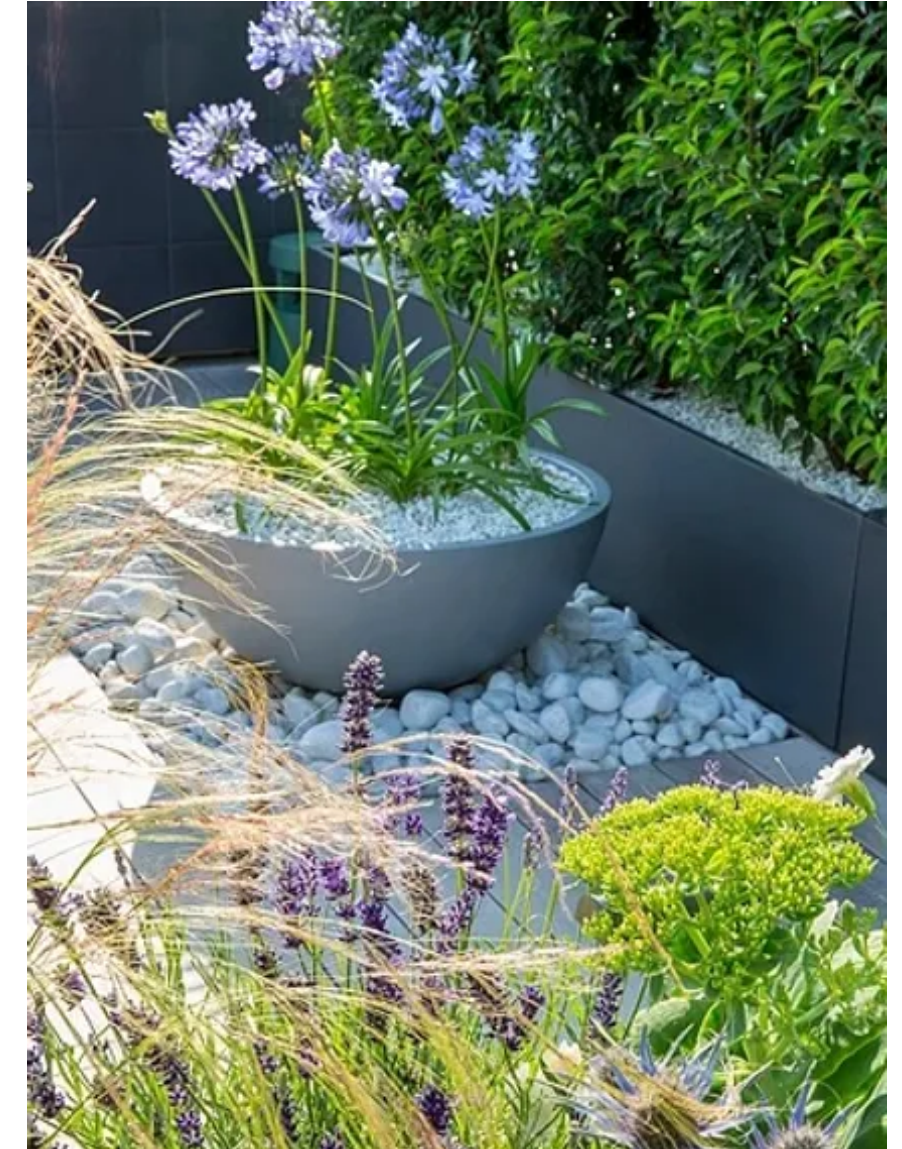

The GEO Classic Fiberglass Planter is a geometric shaped container with a pronounced rim at the top.

OUTDOOR PLANTERS

Urban Pot GEO Bowl

Urban Pot GEO Bowl Planter

M: dia 39" x 18" H

Bowl planters are frost-resistant and require little to no maintenance.

Comes with or without drainage holes.

OUTDOOR PLANTERS

Urban Pot Custom Planters

Mall example - The long planters on casters make it possible to create separate environments and provide areas of privacy and rest for customers.

We make our planters from a variety of different sheet metal, but generally use heavy gauge marine grade aluminum. Our choice is usually 1/8" thick 5052 aluminum alloy.

For custom-made planters, we use the process of electrostatic painting or baked paint (powder coat). Powder coating is an environmentally friendly coating process that creates zero VOCs and creates a durable, UV and impact resistant finish.

The choice is almost limitless. You can choose any color in the chart RAL

We make our planters from a variety of different sheet metal, but generally use heavy gauge marine grade aluminum. Our choice is usually 1/8" thick 5052 aluminum alloy.

All of our constructions are incredibly strong thanks to our "secret" manufacturing techniques which allow us to offer beautiful, robust products at competitive prices.

If required, we custom fabricate from thicker gauges of 5000 and 6000 series aluminum and also fabricate using stainless, corten and galvanized steels of various thicknesses.

OUTDOOR PLANTERS

Urban Pot Pleat
23" x 23"

Urban Pot planters are made of sturdy, lightweight polyethylene. Designed to be maintenance free, these planters can be left outdoors all year round, even in harsh winter climates. The double-walled design keeps soil cool and protects roots when exposed to hours of intense sunlight, as well as when temperatures drop.

- 10 year limited warranty
- Double wall for root protection
- Light and robust
- Food safety
- 100% recyclable
- Both 30" and 40" bowls include our 3-in-1 plug system. Use without a plug for drainage, a leak-proof plug for water gardening, or a drilled plug to thread a fountain wire through the bottom.
- No drainage hole for the 22" Orinoco bowl

Bleeker
Small: 13" diameter x 26" high

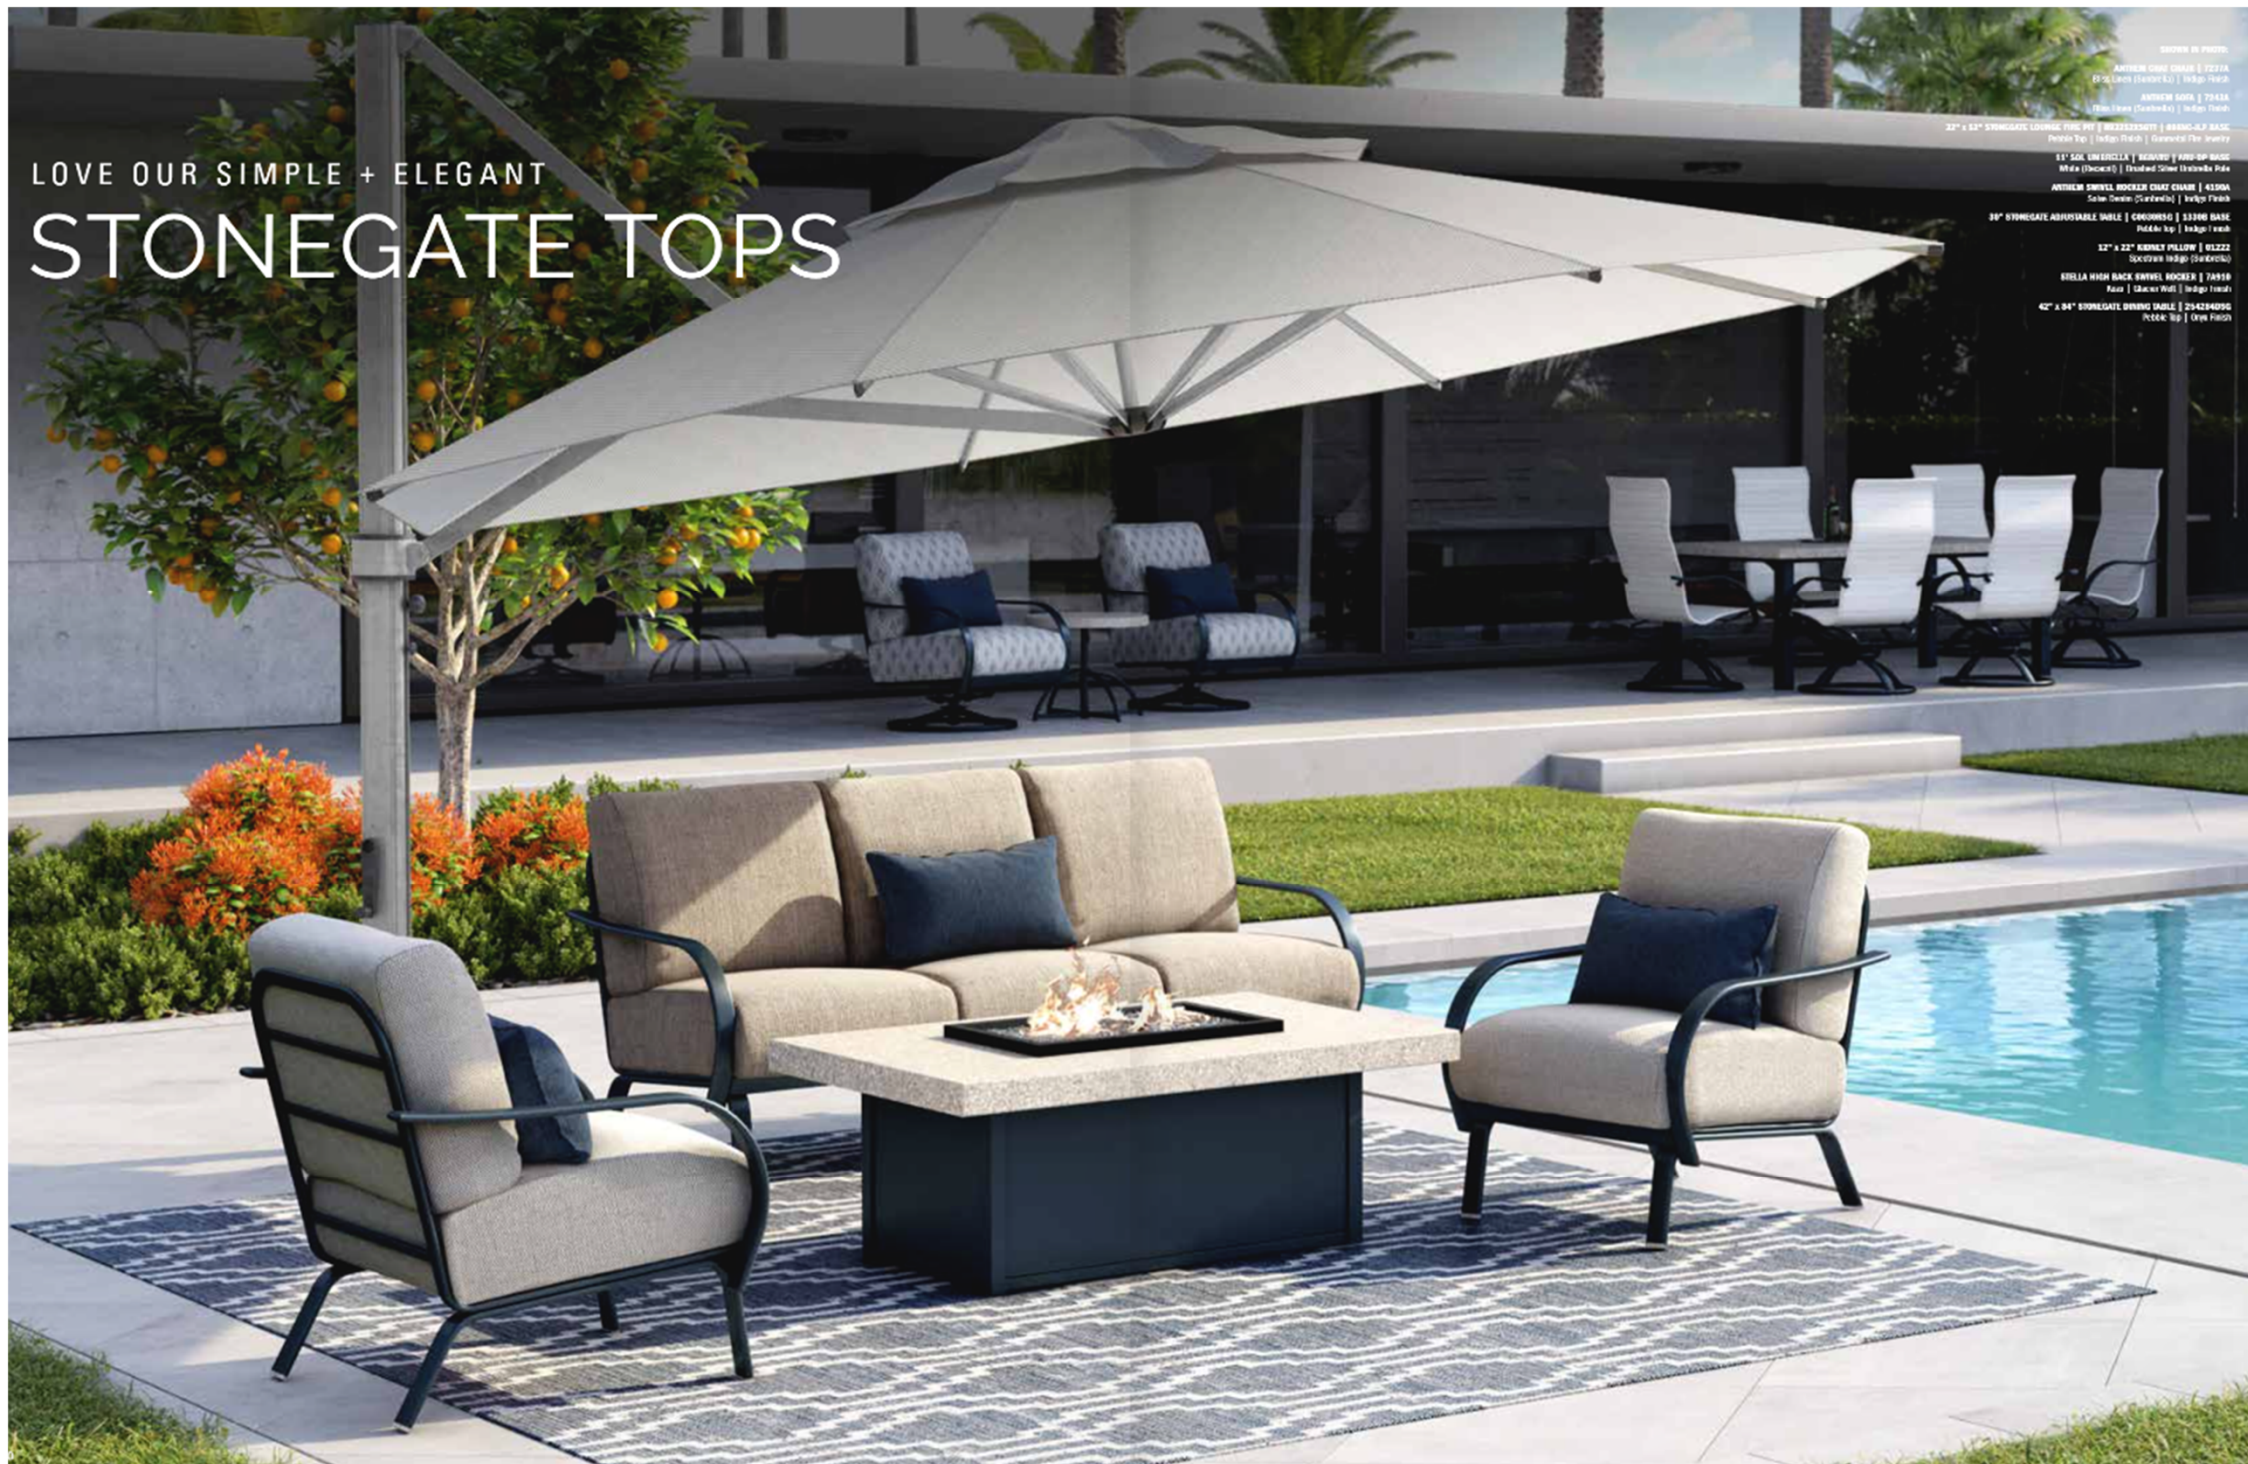

The Bleeker Large Resin Planter is the round version of the Bowery. This tall planter is robust and can be left outside all winter without any special maintenance. The planter is lined to protect the soil from direct sunlight and has a feature to add sand to the base to stabilize the planter as needed.

WREN CUSHION

ALUMINUM

Our Wren collection is inspired by a bird in flight, the arms curving downward like wings gliding gracefully over water. The frame is constructed using powder-coated aluminum extrusions, ensuring maximum durability and weather resistance. Wren's size and scale is a representation of our long heritage of crafting quality furniture for every outdoor space. The comfortable cushions offer a seating experience as relaxing as it is functional.

HOMECREST UMBRELLAS

MARKET + CANTILEVER + GIANT PULLEY LIFT

Add the final touch to your outdoor space with Homecrest Outdoor Living's stylish and durable umbrellas. Whether you are designing for your home or business, we have you covered with our market, cantilever, and giant pulley lift options. All of our umbrellas are built with commercial-grade materials, so you can enjoy worry-free shade for years to come. Plus, you can choose from our full selection of fabric offerings to tailor your umbrella to suit your personal aesthetic or project specifications.

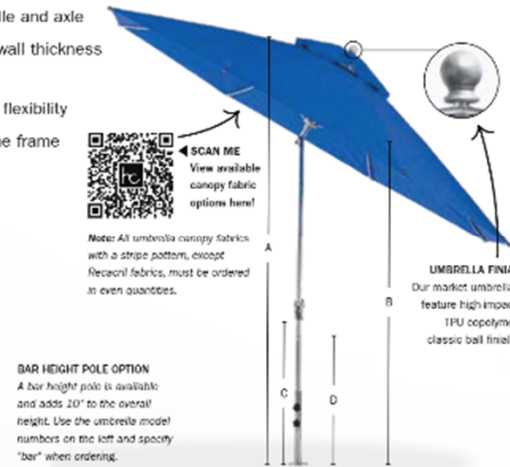

MARKET UMBRELLA CRANK LIFT/AUTO TILT

This is the ONLY crank lift/auto tilt in the industry designed and warranted for commercial use. Our crank lift/auto tilt market umbrella is engineered to withstand 40 mph sustained winds.

- 316 stainless steel, commercial-grade, 60° tilt crank handle and axle
- 1.5" diameter center pole with a durable 1/8" aluminum wall thickness provides incredible strength and durability
- 1/2" fiberglass ribs and struts for maximum strength and flexibility
- Stainless steel grommets attach the canopy securely to the frame
- 4-layer fabric protection and closed stitching pocket

A bar height pole is available and adds 10" to the overall height. Use the umbrella model numbers on the left and specify "bar" when ordering.

AVAILABLE BASE OPTIONS Note: Umbrella bases are available in all Homecrest frame finishes, except for the premium aluminum base, which is silver mist.

CAST IRON	ALUMINUM SHELL	PREMIUM ALUMINUM BASE (with Wheels)
00091 - 45 lbs	00092 - 30 lbs	100A - 100 lbs
H: 20.5" W: 20" D: 20"	H: 6.5" W: 15.5" D: 15.5"	H: 4" W: 24" D: 24"
	Must fill with sand.	

Note: Umbrella clearance dimensions are measured while not mounted in a base. Depending on the selected base, these clearance measurements will change. All dimensions have a 1/8" tolerance based on the pitch angle of the umbrella rib. This is due to multiple variables: pin placement height, crank thickness, and fabric weight.

AVAILABLE POLE COLORS
